

550 Ridgetop Road Tryon, NC

Here is a spectacular home for gracious entertaining and quiet living, in the highly desirable Many Levels neighborhood, just a few minutes outside Tryon. Located on a ridge, on a cul-de-sac, with winter mountain views from Tryon Peak to Hogback, nestled above conservancy farm properties. Everywhere you turn there are light and inviting spaces, from the large great room with paneled walls and bookshelves around the fireplace, to the all-seasons room with vaulted ceiling, to the kitchen with high end appliances, including SubZero refrigerator, aside the keeping room with fireplace and breakfast nook, to the large deck and graveled pathways across the property. The home was fully inspected by a general contractor in 2021 and a new roof was installed, the exterior was painted, the back deck rebuilt and four new heat pumps were installed.
